

Ocean's 11 Golf App - Product Requirements Document (PRD) v1.0

Vision

Mobile scoring app for the Ocean's 11 golf game.

Scope

Course management, round creation, handicap allocation, gross score entry, Ocean's 11 scoring, live leaderboard, editing, auto-count logic, final results.

Excluded

GHIN, accounts, cloud sync, round history, statistics, betting, GPS.

Core Rules

Players enter Course Handicap. App calculates net scores and results vs par. Each player must finish with exactly 11 counted holes. Auto-count applies when remaining holes equal holes needed. All edits trigger full recalculation.

Screens

Home, Courses, Create/Edit Course, Round Setup, Round Screen, Scorecard, Final Results.

Official Leaderboard

Columns: Player, Score, Counted, Status (Need X / Auto / Locked). Always visible on Round Screen.

Success Criteria

Start round in under 60 seconds, score holes in under 30 seconds, determine winner with zero manual calculations.
